### Center for American Economic Development

Located on the campus of Northern Arizona University at the W. A. Franke College of Business, the Center for American Indian Economic Development (CAIED) is a unique information and resource center for Arizona's twenty- two tribal nations and communities. Services include technical assistance, business consulting and training, and educational workshops.

---

---

---

---

---

---

---

---

### Mission Statement

To collaborate with tribal communities and nations to help them achieve self-sufficiency through community, economic, and business development.
